

# Past Tenses, Quantifiers, & Habits vs Relative Clauses

Comprehensive Grammar Guide: Simple Past (Be & Verbs), Past Continuous, Unfulfilled Plans, Quantifiers, Used To vs Be/Get Used To, & Relative Clauses

## ACTIVITY 1

### Simple Past, Past Continuous, & Quantifiers

#### 1. Simple Past with "Be" (Was / Were)

Digunakan untuk menceritakan kondisi, identitas, profesi, atau lokasi spesifik di masa lalu (diikuti penanda waktu seperti *yesterday*, *last week*, *two years ago*) [cite: 66]. Subjek tunggal (*I*, *he*, *she*, *it*) memakai **was**; subjek jamak (*you*, *we*, *they*) memakai **were** [cite: 66].

| Bentuk Kalimat     | Rumus Subjek Tunggal (I, He, She, It)                                                                 | Rumus Subjek Jamak (You, We, They)                                                                          |
|--------------------|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| <b>Positif (+)</b> | S + was + complement [cite: 66]<br><i>She was sick yesterday [cite: 66].</i>                          | S + were + complement [cite: 66]<br><i>They were diligent students [cite: 66].</i>                          |
| <b>Negatif (-)</b> | S + was not (wasn't) + complement [cite: 66]<br><i>I was not at home last night [cite: 66].</i>       | S + were not (weren't) + complement [cite: 66]<br><i>We were not nurses [cite: 66].</i>                     |
| <b>Tanya (?)</b>   | Was + S + complement? [cite: 66]<br><i>Was he a doctor? → Yes, he was / No, he wasn't [cite: 66].</i> | Were + S + complement? [cite: 66]<br><i>Were they late? → Yes, they were / No, they weren't [cite: 66].</i> |

**Catatan Complement & Perubahan Subjek:** Complement dapat berupa kata sifat (adjective), kata benda (noun), atau keterangan tempat/waktu (adverb) [cite: 66]. Saat bertanya mengenai diri sendiri (*I was...*), subjek berubah menjadi *you* dan menggunakan *were* (Contoh: *Were you at home?*) [cite: 66].

#### 2. Simple Past Tense (Action Verbs)

Digunakan untuk menyatakan kejadian yang sudah selesai dilakukan pada masa lalu [cite: 66].

- **Positif (+):** S + Verb 2 + O/Adverb → *He came to school two days ago [cite: 66].*
- **Negatif (-):** S + did not (didn't) + Verb 1 → *We didn't work for that factory last year [cite: 66].*
- **Tanya (?):** Did + S + Verb 1? → *Did they call you last night? [cite: 66]*

##### Aturan Perubahan Kata Kerja (Verb 2):

- **Regular Verbs:** Ditambah -ed / -d (*cook* → *cooked*, *study* → *studied*) [cite: 66].
- **Irregular Verbs:** Bentuk kata berubah sepenuhnya (*go* → *went*, *see* → *saw*) [cite: 66].
- **Catatan Utama:** Kalimat negatif (-) dan tanya (?) tetap menggunakan kata kerja bentuk dasar (Verb 1) karena sudah ada kata bantu *Did* / *Didn't* [cite: 66].

#### 3. Past Continuous Tense & Hubungan Kejadian

Digunakan untuk menyatakan kejadian yang sedang berlangsung ("lagi") pada masa lalu [cite: 66].

(+) S + was/were + V-ing | (-) S + was/were + not + V-ing | (?) Was/Were + S + V-ing? [cite: 66]

Contoh: *I was sleeping / I was not sleeping / Were you sleeping?* [cite: 66]

#### Kejadian Disela (Interrupted Action)

Kejadian berlangsung yang disela/dipotong kejadian lain (Simple Past / V2) [cite: 66].

• (S + was/were + V-ing) + when + (S + V2) [cite: 66]

Exp: *I was watching TV when my mother called* [cite: 66].

• When + (S + V2), (S + was/were + V-ing) [cite: 66]

Exp: *When he came, I was reading the book* [cite: 66].

#### Dua Kejadian Bersamaan (Simultaneous)

Dua kejadian yang sama-sama sedang berlangsung bersamaan [cite: 66].

• While/When + (S1 + was/were + V-ing), (S2 + was/were + V-ing) [cite: 66]

Exp: *While she was eating lunch, her classmates were playing* [cite: 66].

## 4. Rencana yang Gagal (Was / Were Going To)

Digunakan untuk menceritakan rencana masa lalu yang pada kenyataannya tidak terjadi / gagal [cite: 66].

• **Rumus Utama:** S + was/were + going to + Verb 1 [cite: 66].

Exp: *We were going to name the baby Tom, but it was a girl* [cite: 66].

• **Dengan Kata Hubung "But":** (S + was/were [not] going to + V1) + BUT + (S + V2) [cite: 66].

Exp: *I was not going to eat dinner, but my mom cooked my favorite food* [cite: 66].

• **Kalimat Tanya (?):** Was/Were + S + going to + V1? → *Were you going to call me last night?* [cite: 66]

## 5. Quantifiers (Much, Many, Little, Few, A Lot of, Plenty)

| Quantifier                            | Jenis Kata Benda (Noun)                                    | Penggunaan & Kalimat                                                                                                                                                                                                                            |
|---------------------------------------|------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Much &amp; Little</b>              | Uncountable Nouns (cairan, waktu, uang, lemak) [cite: 66]. | Sering digunakan dalam kalimat (-)/(?) [cite: 66].<br><i>much time / little money / I did not have much money</i> [cite: 66].                                                                                                                   |
| <b>Many &amp; Few</b>                 | Countable Nouns (buku, orang, mobil) [cite: 66].           | Sering digunakan dalam kalimat (-)/(?) [cite: 66].<br><i>many books / few people / Do you know many people?</i> [cite: 66]                                                                                                                      |
| <b>A lot of / Lots of / Plenty of</b> | Countable & Uncountable Nouns [cite: 66].                  | Bisa (-), tapi lebih sering kalimat (+) [cite: 66].<br>Harus diikuti noun [cite: 66]. Jika noun di depan, menjadi a lot ( <i>I eat food a lot</i> ) [cite: 66]. <b>Plenty:</b> Berarti lebih dari cukup ( <i>more than enough</i> ) [cite: 66]. |
| <b>Little &amp; Few (Tanpa 'a')</b>   | Uncountable (Little) / Countable (Few) [cite: 66].         | <b>Makna Negatif (-):</b> Jumlah sangat sedikit / hampir tidak ada [cite: 66].<br><i>She is very lonely because she has few friends</i> [cite: 66].                                                                                             |
| <b>A Little &amp; A Few</b>           | Uncountable (A Little) / Countable (A Few) [cite: 66].     | <b>Makna Positif (+):</b> Jumlah sedikit tetapi masih ada [cite: 66].<br><i>She is never lonely because she has a few friends</i> [cite: 66].                                                                                                   |

### ACTIVITY 2

## Used To vs Be/Get Used To & Relative Clauses

### 1. Perbandingan: Used to vs Be used to vs Get used to

| Ciri Pembeda      | Used To (Masa Lalu)                                                                                                                                                                                                     | Be Used To (Sudah Terbiasa)                                                                                                                                        | Get Used To (Proses Adaptasi)                                                                                                                                              |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Penggunaan To Be  | Tidak ada To Be [cite: 66].                                                                                                                                                                                             | Wajib memakai To Be (am/is/are) [cite: 66].                                                                                                                        | Disertai get / getting (didahului to be jika continuous) [cite: 66].                                                                                                       |
| Bentuk Kata Kerja | Verb 1 (atau <i>be + adj/noun/adv</i> ) [cite: 66].                                                                                                                                                                     | Present Verb + -ing (atau <i>noun/adv</i> ) [cite: 66].                                                                                                            | V-ing / Noun [cite: 66].                                                                                                                                                   |
| Makna Kalimat     | Kebiasaan/fakta masa lalu, sekarang <b>sudah tidak dilakukan lagi</b> [cite: 66].                                                                                                                                       | Sesuatu yang <b>sekarang sudah menjadi kebiasaan</b> dalam waktu lama [cite: 66].                                                                                  | Kejadian yang sedang dalam <b>proses menjadi kebiasaan (adaptasi)</b> [cite: 66].                                                                                          |
| Contoh (+) & (?)  | (+) <i>I used to play in that house / He used to be a policeman</i> [cite: 66].<br>(?) <i>Did they <u>use</u> to work hard?</i> [cite: 66] (Kata <i>used</i> berubah jadi <i>use</i> tanpa 'd' setelah Did) [cite: 66]. | (+) <i>I am used to playing in that house</i> [cite: 66].<br>(?) <i>Are they used to working hard?</i> [cite: 66] (Kata <i>used</i> tetap memakai 'd') [cite: 66]. | (+) <i>Reni is still getting used to sleeping during the day</i> [cite: 66].<br>(+) <i>You will get used to this coffee / I am getting used to this coffee</i> [cite: 66]. |

### 2. Relative Clause

Kalimat penjelas yang berfungsi sebagai satu rombongan kalimat utuh untuk memberikan informasi tambahan mengenai kata benda [cite: 66].

- **Who & Whom:** Digunakan untuk mengganti orang [cite: 66].
- **Which:** Digunakan untuk mengganti kata benda/hewan [cite: 66].
- **That:** Dapat digunakan untuk menggantikan orang maupun kata benda [cite: 66].

Contoh: *The student who loves playing guitar is my brother* [cite: 66].
